[women singing:]

Ain't no one special, special like you [4x]

I been searching, but your the one I want in my life
baby [4x]

[eminem]

I'm reminiscing on your tenderness and the snuggling
and teasing

Missing what I remember, kissing and hugging and
squeezing

Bugging and weezing, I'm having trouble when
breathing

It's even tougher when sleeping

But there's a couple of reasons that I'm suffering and
grieving

For loving and leaving, you all I'm thinking of in the
evening

You got my knees buckling and weakening

Thoughts of nothing but freaking that I'm struggling to
keep in

And interrupt when I'm speaking

I got some game that I'm preparing to run

The way your lips sparkle and glare in the sun

You got your hair in a bun, no matter what you're
wearing you stun

Cause your comparing to none, I wanna share in the
fun

I feel a passionate lust when I'm imagining just us
alone at last with a

Touch

I see you grasping to trust, but my intentions are good

The seed is passing in dust

I'm not asking to rush and answer immediately

I just wanna be there for you and you to be there for me

If you agree to repeat after me, I love you (I love you
baby)

Cause I just need you to see, how much I'm eager to be

Your man legally wed, your love's keeping me fed

This is easily said, so you can lead or be led

If you care to be down cause ain't nobody like you no
where to be found

[chorus:]

I been searching, but your the one I want in my life
baby [4x]

[kon artis]

Baby it's all on you, it's you I call on boo
Let's set a day up so you can fall on through
We'll take a spin in a lexus you can chill for dinner and
breakfast
Long enough to see how this gentleman sex'es
We'll start it out with caviar, don parigne
And then when it's a fact we are warm, carry on
We'll take it slow, see nobody will hurry things
I got the herbs the bacardi and hurricane
If daiquiris are in debate and not your thing that day
It's still all right cause I got minute maid and tangeray
Your an incredible one that's rare, in bed with edible
underwear
You look impeccable, nothing compares
I dream of freaking you, the women that will speak it
too so
It seems that there is not an end to things that we can
do so
Now we all set to play, only thing left to say is
When you step away, baby but don't forget the neglicie

[chorus:]

[women singing:]

I been searching, but your the one I want in my life
baby [8x]

Ain't no one special, special like you [2x]
