I can't say if it's real
That you're laying here with me
It feels so good â€¦ this can't be you
No â€¦ this is something new
A hoax, a silly joke or just a lie

I don't know if this is true
Or just another dream of you
I can't forget
I know that this sounds mad
But not as mad as anything you say

Being me â€¦ is everything I've got
Being me â€¦ is everything that stays
When everybody else will fail â€¦

And if it's real what did it take
Just to get here to this place?
I gave so much â€¦ I cannot say
And now i ask myself
What it might be this time â€¦ just to stay

And if it's true, what is it worth?
All these years an all the hurting â€¦ all the pain â€¦
Is it worth to hate â€¦
I couldn't help to grow inside myself?

Being me â€¦ is everything I've got
Being me â€¦ is everythig that stays
When everybody else will fail â€¦

Being me â€¦ being myself â€¦
Indeed I've learned my lesson well â€¦
Being me â€¦ Being myself
At least not anybody else â€¦
