Christmas comes early

There's nothing to argue
or worry about
That's because it's Christmas time
Everyone's loves without
Condition and doubt
Just because
It's Christmas time

I wished it was Christmas time
All around
Peaceful and sound
It would be...
Everyone's anger
and sorrow can heal
Just because
It's Christmas time
And no loved one will leave
And dead stops to reap
Just because
It's Christmas time

I wished it was Christmas time
All around
Peaceful and sound
It would be... (x4)
