I've been here all the time
As far as I know doing right
I've always waited for the moment
That you would come through my door
But this brought loneliness so far
I lay my hand onto my heart
Is this the life I want to live
Is this the dream I had of you?

But this brought loneliness so far
I lay my hand onto my heart
Is this the life I want to live
Is this the dream I had of you...
the dream I had of you?

Now I'm standing here alone
I'm waiting on my own
For something that will fill the emptiness inside
The moment that you're mine
But this is loneliness I know
I lay my hand onto my soul
Is this what life has got to give
Is this the dream I had of you...
The dream I had of you?

But this is loneliness I know
I lay my hand onto my soul
Is this what life has got to give?
Is this the dream,
the dream I had of you?
