Hey you, come down and play
Oh, I don't know, what can I say
You know, there lies a day ahead
We will enjoy and laugh like mad

Wait just a second here
I'll be back soon, most sincere
And then I'll show you how it's done
I know a thousand ways to have some fun

And then a laugh appeared
And made our day
Gone were all our fears
Of being afraid

Hey friend, I know you well
So be careful 'bout what you say
I could take it seriously
And then one day we would have to leave

But let's go, we'll find our place
We will not pass without a trace
And I know we'll make it there
In London or in Manchester

And then a song appeared
And we dreamed on
Gone were all our fears
Of being no one

Hey man, it's dark in here
And I can't find you anywhere
Oh I don't know if I can bear
To know that you're not still somewhere
