How can I be sure  
In a world that's constantly changing  
How can I be sure  
Where I stand with you?  
How can I be sure  
When everyone is out for the taking  
How can I be sure  
Where I stand with you?

How can I be what you want me to be  
How can I try, how can I learn  
How can I know that you'll be good to me  
How can I really be sure?  
How do I know  
Maybe you're trying to use me  
Flying too high can confuse me  
Touch me but don't take me down  
Whenever I, whenever I am away from you  
My alibi is telling people I don't care for you  
Maybe I'm just hanging around  
With my head up  
Upside down, it's a pity  
There's no one as lovely as you  
How can I be sure  
When everyone is out for the taking  
How can I be sure  
Where I stand with you?

How's the weather  
Whether or not we're together  
Together we'll see it much better  
I love you, I love you forever  
You know where I can be found
