Anytime you're feeling tether's end
I want you to know
There's a friend to turn to in me
Every time you need
I dedicate my life

Now after years
You've got someone who hears
And I'll catch your tears
Even as you talk to me
I can feel it set you free
And I know you know

I am empowered by the love from you you showered so
generously
Hallelujah my love
La la la la
I dedicate this song to you

I enjoy all the things that make you laugh
Entirely for certain
I hold your ideas of a man
And I know all that that means to you
And I want you to know
