Women voices from mountain tops
Calling from afar
Their faces never stop
Tugging at the heart

They're gonna take just a little while
Before they take you like a smile
On to oblivion
And then beyond

They're gonna take you for a ride
They're gonna take you for a ride

Willing vices build up the speed
Falling towards fate
Trees of the planted seeds
Climbed until they break

Gonna take you for a ride
Gonna take you for a ride
