My dancing heart you pull the strings
With every breath my heartache rings
Some force brings me here to today
Some force brings me here to say

I can't live without the loving look in your eyes
I can't live

Like a storm you break into my life
I blink my eyes and you're my wife
You came as quickly as you go
A storm cloud heaving one last blow

I don't know
Is it me you're looking for
I don't know

Stay here
Stay here tonight
Stay here
Just stay here tonight

I want to be home for you
