"Wolf Run"

Visit "[Wolf Run](#)" on MotoLyrics.com

Winter finds the time to enter
Plenty now the undergrowth
Echo beats a frozen centre
In one as wild as you

Tundra wolves' threat, caribou climb
Lonely wandering the hills
Experience held for a find
In one as wild as you

Tails held high in search of freedom
Hunger drives them in this season
Join the hunt with providence
Ensemble that's for and against

A lonely one as beautiful as you
Runs the wolf in one as wild as you
A lonely one as beautiful as you
Runs the wolf, runs the wolf

Howling winds, moon through the pine trees
Day takes sleep and mixed up dreams
A pack sets out when nature agrees
And breeds the strength to carry on

And followers and friendly treason
Lick the wounds you gave to feed them
Gambling questions with the dice
Took for yourself straight from the skies
