When morning sun brings the dawn, Love light my way
Lead me on a world turns 'round and night enfolds the
day

Through spinning seasons, reeling change, Lord light
my way

Each one in rhythm with the song of life you did create

Surprised us with grace

Beside us you stay

Recognized us for who we are and whose we are by
name

Chorus

Oh Lord Light my way

Love light my way

Together now we pray

Oh Lord Light my way

Rest will follow labors, hope will answer fear

The harvest of our laughter for the seeds we sow in
tears

We work, we worry, strive for faith, Lord light my way

All the while we're in the arms of love we can't escape

Beside us you stay

Surprised us with grace

Recognized us for who we are and whose we are by
name

Chorus

Oh Lord Light my way

Love light my way

Together now we pray

Oh Lord Light my way

Joy, Joy, you shine on us

Lord light my way

Peace now you set us free

Love light my way

Bind us in these chains of love

Lord Light my way

Send your blessings from above
Lord Light my way
