Refrain

From a raindrop to a river
From one word iota a song
Source of all gifts, Friend and Forgiver
Bring as together, to pass it on

He has called so, all creation
Every woman, child, and man
To bring our gifts in celebration
To be transformed in the Savior's hands

Refrain

From a raindrop to a river
From one word iota a song
Source of all gifts, Friend and Forgiver
Bring as together, to pass it on

In the Word the walls will crumble down
And all are welcome to enter in
In the blood of Christ the great sacrifice
The withered branches bloom again
The withered branches bloom again

Pass it on
Break the bread, lift the cup
Pass it on
The broken will be lifted up

Every gift grand and lowly
Every purpose great and small
At this feast they are made holy
By your name you have been called
By your name you have been called

Refrain

From a raindrop to a river
From one word iota a song
Source of all gifts, Friend and Forgiver
Bring as together, to pass it on
