In the silence, in the singing  
Oh Lord we gather now to journey on  
Send forth Your Word that sets our feet to dancing,  
Captures all creation in a love song  
You can hear it in the gentle of the morning  
In the mighty wind blowing on the sea  
It will be waiting when your heart has broken  
Will be there in the sound of victory

Chorus

We are one in God our creator,  
Reborn by the breath of the spirit  
We belong by the blood of the Lamb  
In the joy of this dance we are changed . . .

You turned the bitter cup to sweet wine from the  
vineyard  
Turned hardened hearts into milling stone  
You offer the feast and call us to Your table  
And a new seed for living and forgiving is sown  
It will bloom in the gentle of the morning.,  
In the might wind bending every tree  
It will whisper when our faith is shaken  
And shout in the sound of victory

Chorus

We are one in God our creator,  
Reborn by the breath of the spirit  
We belong by the blood of the Lamb  
In the joy of this dance we are changed . . .

We are joy, we are broken pieces  
Upon a spinning, changing world we are borne  
But for the love that will not release us  
Our Rock of ages and our carry home  
And we'll sing it to the hills and the valleys  
From every land 'cross every sea  
We will sing it when our hearts are breaking  
And rejoice in a final victory

Chorus

We are one in God our creator,  
Reborn by the breath of the spirit  
We belong by the blood of the Lamb  
In the joy of this dance we are changed . . .
