### "Missing Link"

Your cascade of pictures  
sculptured by light  
treasured by season  
looking for reasons  
never to be found

Meandering projections  
tortured by need  
guided by blessings  
only by guessings  
could have shown the way

I found the missing link  
I think I've found the missing link, missing link  
No longer do I have to think, have to think  
I'm far beyond the mirror phase, without a trace  
Desireless, without a care, free to live

I found the missing link  
no reservation necessary  
If dull and ordinary  
I'm free to live, I'm free to live
