Jojo

Shall we go for a beer
Later on in the evening
We can stay out all night
At that club where the bar
Does not shut until dawn

Jojo

I want you to sing
Your songs of the wild sea
Where the mad captain rages
In search of his whale
With the fog rolling in

Six feet underground Jojo
I hear you sing
Six feet below ground
You did not die

Jojo

This evening as always
We will replay our battles
You'll take St Nazare again
I Olympia
At the side of your grave

Jojo

In silence we speak
Of when
We were both young men
We each realise
That there is this black door
At the end of the world

Six feet underground Jojo
Your passion still burns
Six feet below ground
You did not die

Jojo

I will leave in the morning
For some alien city
Where the drunks stagger by
Their hearts bleeding dry

And stones for their eyes
Jojo
I have nowhere to go
I dress only in memories
Grieving your death
Yet thankful that I
Have known you in life

Six feet underground Jojo
We are brothers still
Six feet below ground
I hear you sing
Six feet underground Jojo
You did not die
Six feet below ground
I will always love you
