You're back in your car  
Trying to drive just as far as trust fund can take you  
away  
And know matter where you are  
It's were you should be  
It's not what you are it's what you could be  
I wish I was bored like you  
I wish that I could afford  
To be like you  
You're back in a town where everyone let you down  
And no one's around to entertain you  
In your room on your walls  
You've got angels to protect you  
In the end they'll desert you  
So you're back in a box that you made of yourself  
By yourself so you should be
