Could you please and thank you take me home
I don't want to be here anymore
Could you please and thank you take me home
I don't want to see the things you've shown
I wish, I wish you could see
See the way that it used to be
I wish, I wish you could see
Could you please and thank you reach inside
Show all the faces that you hide
Could you please and thank you start again
Pull yourself right out of your thin skin
See the way that you once were
Try to find out where it all came apart
Remember when I could tell you
Just about everything and everything
And you wouldn't change the channel on the TV
Just to stop me from talking cause we could
We could talk for hours
