I know that you've had your doubts
Losin sleep 'cause you're thinkin' about
Just where you belong
In this great big world
Somewhere between the start
And the finish line
You're getting out of time
That's where you belong

From where I stand
You know it's easy to see
There's no need for you
To have to worry
'Bout anything... not anything at all

I believe, I believe, I believe in you
I believe, I believe, I believe in you
So, you believe in you, too
I believe, I believe, I believe in you
I believe, I believe, I believe in you
So, you believe in you, too

I know that you ask yourself
If you should even be doin' this
And if it's all a waste of time
Just standin' in another line
So turn just a little bit
And I get not behind anyone
So here's a chance to run
Here's your chance to run with it

From where I stand
You know it's easy to see
There's no need for you
To have to worry
'Bout anything... not anything at all

I believe, I believe, I believe in you
I believe, I believe, I believe in you
So, you believe in you, too
I believe, I believe, I believe in you

I believe, I believe, I believe in you
So, you believe in you, too

Some day you're gonna wake up
You're gonna see
What I've always known
Then there'll be no doubts
For you anymore

I believe, I believe, I believe in you
I believe, I believe, I believe in you
So, you believe in you, too
I believe, I believe, I believe in you
I believe, I believe, I believe in you
So, you believe in you, too

Will you believe in you, too?
Will you believe in you, too?
Will you believe in you, too?
