I'm as scared of you as you are of me
Yeah it's nothing new and there's nothing that we can
do about it
You can invent me
Maybe one day I'll invent you
We could be so perfect
In the interest of time
I'll get straight to the point
You can make me what you want me to be
Someone to make you smile
Just for a little while
If I'm not what you want
You can make me what you need
If you're not what I need
I'll make you what I want
I could invent you
