I've got a habit

Like an evil twin

Sneaks around and does me in

Like a secret gone unkept

I get around so I can forget

All about you

Living like today's going to be the last day on earth

You know it's not going to be

But you live like it anyway

Living like today's going to be the last day on earth

I've got a sweet tooth cavity

A place inside I fill with gravity

I got a bad knee and I need a crutch

Sometimes it feels like I live too much

To forget about you
