She throws the phone against the wall
She's heard all that she needed to hear
Everything's certain now
Now everything's unclear
The truth always rises

She grabs the keys
Climbs in her car
She turns up the radio
She navigates by stars
She knows where she's going now
And what she's gotta do
The truth always rises

The ocean's filled with diamond rings
Where they're thrown into
The blue and the green
They're drowning all
Their hopes and their dreams
The ocean's filled with diamond rings

She's standing now
At the edge of the world
She drove a thousand miles
Just to give back
A little piece of herself
The wind blows around her
And the truth always rises

The ocean's filled with diamond rings
They're thrown into
The blue and the green
They're drowning all
Their hopes and their dreams
The ocean's filled with diamond rings

That's why the water shines like it does
When the sun hits it just right
She's heard all that she needed to hear
She's gonna throw it away
She's gonna throw it away, now

She standin' now
With her feet in the sand
Smiles to herself
She finally understands
She's not alone anymore
That diamond waves on the shore
And the truth always rises

The ocean's filled with diamond rings
Where they're thrown into
The blue and the green
They're drowning all
Their hopes and their dreams
The ocean's filled with diamond rings

Well, the ocean's filled
With diamond rings
Where they're thrown into
The blue and the green
They're drowning all
Their hopes and their dreams
The ocean's filled with diamond rings

The truth always rises
Truth always rises
Truth always rises
Truth always rises... somehow
