Gee baby, what can I do when you're gone
Gee baby, everything's cool from now on
Gee baby, what can I say
I long for every minute that you've gone away

Gee baby, everything swings when you're here
Gee baby, how can I go when you're near
Gee baby, hold me so tight
I wanna hold you close, I want you tonight

Ooh, you've got me and I can never go
I wanna hold you all the time
Oh, can't you see you're on my mind
Please, don't leave me, hold me darling

Gee baby, how can I say what I feel
Gee baby, maybe I know it's for real
Gee baby, what can I do
I only think of one girl and baby that's you - ooh yeah

Ooh, I want you but I can't make you stay
Tell me what I've got to do
I only wanna be with you, hold me

Gee baby, everything's right when you're near
Gee baby, whisper those things in my ear
Gee baby, what can I say
I want you for my darling, don't you go away - oh no

Gee baby, what can I do when you're gone - darling,
please stay
Gee baby, why did you love me so long - baby don't go
Gee baby, what can I say
I wanna hold you close, I'm hoping you stay
