I was downtown last night, late last night
Man, she was kinda cool, damn, got me on the blast
Stars up above, yeah, take a little shove
High heel love ain't gonna last

Everything I do gonna be funky from now on, yeah
Everything I do gonna be funky from now on

I can be myself, I can do my thing
A little soul can't do no harm, yeah

Everything I do gonna be funky from now on, oh
Everything I do gonna be funky from now on

Now listen to me
Confusion in mind makes me want to shout
I walk around the streets like the odd man out
I got bing, bang, bing, bang do it all night, then
Honey, gonna get it down, do it just right

Sock it up, shoot it down
Sock it up, shoot it down, yeah

Everything, everything, everything
I said everything

Make coogly mogey, gonna do it all night, yeah
Everything I do gonna be funky from now on, yeah
Everything I do gonna be funky from now on
Everything I do gonna be funky from now on
Everything I do gonna be funky from now on

Everything I do gonna be funky from now on
