Life is so mysterious, I get a bit delirious
Earth beneath my feet start moving slow
Hurricanes lately, Lord, it gets so frightening
When the big wind comes, you got to let it blow

I'm lying low, looking for another way to go
I'm lying low, everything's a gamble, don't you know?
Yes, I know

Baby, I was good for you, chopped a lot of wood for
you
Let us not forget the time we had
But I believe in moving on just before the love is gone
You gotta take the good time with the bad

And I'm lying low, looking for another way to go
And I'm lying low, everything's a gamble, don't you
know?
Yes, I know, alright, come on

Every day is a brand new day out along that long
highway
There's always something happening in here
Pardon me for this goodbye, I'll let you know the reason
why
There's a lot of world to see it in your day

I'm lying low, looking for another way to go, mmm
And I am lying low, everything's a gamble, don't you
know?
Yes, I know

Mmm, lying low, yeah
And I am lying low, yeah
Mmm, alright
