Love kills time and time kills love
You can sink below or float above
It can sweep right off your feet
Or leave you lonely and bittersweet
But if I had my chance I'd never walk away

I need somebody makes my love light shine
That hip shaking woman, I wish she was mine
She's dancing alone, got nothing to prove
Just watch her, just watch her, just watch her move

Smoke filled rooms with hungry eyes
What she has, money can't buy
Way she melts hearts, should be a crime
Makes December hotter than summertime
She's got me daydreaming, got me floating around

I need somebody make my love light shine
That hip shaking woman, man, I wish she was mine
She's dancing alone, got nothing to prove
Just watch her, just watch her, just watch her move

She knows why she's there
She's got dreams, money can't buy
So hard on a woman
They say it's a man's world
But that ain't true

So hard on a woman
It's getting hard, oh yeah
So hard on a woman
So hard on a woman

So hard on a woman
So hard on a woman
So hard on a woman
So hard on a woman

Oh, yeah
If I had my chance I'd never walk away

I need somebody make my love light shine

That hip shaking woman, I wish she was mine
She's dancing alone, got nothing to prove
Just watch her, just watch her, oh, just watch her move

Just watch her, oh yeah
Man, she moves me, mmm, mmm yeah, come on
