[Chorus:]

I know you're feelin' lonely, I know that I'm not the only  
one  
that you can call but keep me in mind....  
This feeling of lust in haunting, not only me and  
wanting you  
Think of a time and keep me in mind....

[Verse 1:]

As she walks home from school  
It's feelin' longer than  
the years it takes a lil' boy to grow into a man  
She's often ridiculed, people don't understand  
she's being picked apart and scarred by her father's  
hand  
And he's a wierd old man, and can't control his anger  
liquor and drug abuse turned him to a total stranger  
Perverted child abuser, molester and a rapist  
his daughter's had enough, she can no longer take it  
Withstand the hurt and pain, she's feelin' suicidal  
her life is gettin' frail, her mind is always idle  
Which let's the devil in, to do his dirty deeds  
he shovels up the soil, after we plant the seeds  
It's 20 after 4, she's on the tile flo'  
in the girls bathroom, back against the stall do'  
As she begins her ending, she keeps her eyes closed  
syringe to her veins an adolescent overdose (DAMN)

[Chorus]

[Verse 2:]

His name was Rick, first captain of his football team  
the senior class valedictorian high school king  
Regualr jock, played sports baseball, track  
run a 50-yard dash in 6 seconds flat  
He got stacks of mail from differnt colleges  
scholarship fundin', majorin' in Biology  
You could say homey was popular, never phony  
Until the people found out he dated men only. (MAN)  
His reputation was in everybody's conversation  
the peers who he considered friends had 2 faces  
They chanted gay jokes, the scholarship erased

receivin' death threats plus a fam-i-ly disgrace  
The stress accumulated, he couldn't take the pressha'  
therefore he pulled the 9-millimeter from the dressa'  
He took his life for bein' different than you or me  
The same classmates wept at his eulogy. (MAN)

[Chorus]

[Verse 3:]

This was the summer time, you know it's party time  
after the cap and gown routine, they on the scene  
Some of em' puffin' green, and tryin' different things  
say for instance lil' Joey just tryin' to reach his dream  
He's never slept wit' a girl he's a virgin  
sex drive urgin', movin' like Excursions  
His best friend told him to come over later on  
he throwin' a house party cuz his parents leavin' home  
He met a girl, short skirt, showin' off her body  
They feelin' each other, excused themselves from  
everybody  
It's finally goin' down it's really 'bout to happen,  
(happen)  
his mind's so cloudy forgot to use a magnum. (DAMN)  
A year down the road Joey's headed to the doctor  
checkin' on a bad cold, (bad cold)  
as he sits on the table and he gaspin' for his breath  
doctor said he had AIDS and got 6 months left. (DAMN)
