Celibate, denying the keys of fire  
Cause' the heavens are fall in the hell of flames  
Among the ash and water, the sacred love of the soul  
Redemption of the flesh cell, imprisoned in the space  
and time  
In the space and time

You dream, you, lonely  
Like a song of fire  
Dreaming holy ghost in this pain so higher  
Sacred crying in nightmares in lonely bridges  
Oh, Saturn's sing in the abysses of their mind

Don't die in fire  
Don't lie in your wait  
No more god bless you  
Oh, kiss to late

Oh, burn the snake  
That feed you with fire  
Send your dance to the sky  
Making love with forces  
Of the day and the night

Insane and scares loneliness  
Leave your heart to the tears of gods

Resurrection in the monk cell  
Consuming the godness and the evil  
And the reason, the sentinel  
Of the sun to be worth shiped  
Purificate the dreams of the claws of beasts  
Of the ego' legions  
Oh, please I burn in violet  
?? I burn in violet flames

Celibate, the bitches pray in the light of your tears  
Every hearts are chained  
By the death and flesh pain

Celibate, don't shed the sacred seed  
Of the heavens and hells are free

Don't perpetuate this valley of tears

Celibate, oh... celibate

Don't shed the sacred seed

Heavens and hells are free

Celibate, oh... celibate

Don't perpetuate this valley of tears

Celibate, oh... celibate
