The roof caved in  
And the walls crumbled  
And there i stood exposed  
Clutching my chest in fear  
How'd i end up here  
Bad decisions  
One right after the other  
Moved like waves pulled by the moon  
Like a puppet who's tugged on by string  
Like water tumbling down stream  
I was lost

Chorus A  
Blind man, deaf boy  
And the Lover of me  
And were did it lead to  
I fought for air as i was drowning  
In that rushing stream  
As the water poured over me

Off the bridge i threw my heart  
As if it didn't matter  
I walked the edge so fearlessly  
Blindfolded by my lustful eyes  
Deafened by a string of lies  
But You saw me there  
In my same condition  
Your eyes held me in Your stare  
You gazed into my empty soul  
Spoke the words the burned a hole  
In my heart

Chorus B  
Blind man, deaf boy  
Now see and hear  
Did you think that I'd not find you  
Don't you know that I'm the lover souls  
And I came to be near  
From this very earth I made you

Some of us like sheep have gone astray  
Some of us like fools live for today

And then it's gone  
And you're left with nothing  
You fight to hold it all inside your hands  
Somehow we think we'll understand  
What no eye has ever seen and no mind  
comprehended

Chorus B
