

Pfr (Pray For Rain) "Great Lengths"

Here i am once again
Pleading
To the sky
Kneeling to the sands shedding my
Regrets
Knowing You'll forget everything

Chorus
Why didn't i go to such great lengths to
Try to please You
Instead i tried to please myself
In the end when your heart is broken
I see the folly of trying to please myself

I have not yet arrived
Seeing
Anything
Quiet my desires till they die
Until they die
Or align with Your will

Chorus 2x
