I never want to be satisfied
Just when i thought i had everything it was a lie
For so long now i've been wasting time
Wasting time

Winter springs or summer fall
The seasons never cared at all
That i was never changing
My colors stayed the same
But when days go by and i'm not growing
The leaves fall off the bare what i'm not showing
That i've never had my feet wet
And for that i am to blame

Chorus

I never want to be satisfied
Just when i thought i had everything it was a lie
For so long now i've been wasting time
Wasting time

I've sat and watched the tide go out
But i did not chase - no i did not doubt
The water would return to shore
And meet me once again
And i've know the truth and understood
Or thought i did or thought i could
Be satisfied with points of view
But i'm tired of the din

Chorus

Bridge

Winter spring or summer fall
The seasons never cared at all
Winter spring or summer fall
I'm still changing

Winter spring or summer fall
The seasons never cared at all
Winter spring or summer fall
I'm still changing

Chorus

Bridge
