Your belief's hereditary  
Your belief is who I think I am

I can't believe what you always tell me  
Lies in the truth have a way of manipulating  
My point of view for your own intentions  
I am not you, I'm my own invention

You must think for yourself  
Always question authority  
Signify who you are inside

All that you know is the only way that you were shown  
Can't you see that it's time to question  
Why you believe are you open minded  
Life's full of things that are so one sided

You must think for yourself  
Always question authority  
Signify who you are inside  
Born to believe

You must think for yourself  
Always question authority  
Signify who you are inside  
Born to believe

I, I can't believe  
I, I can't believe  
I can't believe  
I can't believe  
I can't  
I can't  
I can't  
I can't

I couldn't see for myself  
It was right there in front of me  
All this time you were telling me lies  
Born to believe

You must think for yourself

Always question authority  
Signify what you keep inside  
Born to believe
