There's a place where you can hide,
When you're knocked down deep inside,
When you're lost, unsatisfied,
There's only one thing on your mind,

It's a state beyond control,
You're gonna end up in the mud,
It's a social suicide,

Hey, wipe away those tears, don't cry,
We can't explain the reasons why,
We act tonight,
So come on and see the scars,

No matter who you are,
You're one of a kind,
You gotta find your guiding star,
One of a kind,
We can be revived,

When you're slaved and nine to five,
Let the music be your guide,
Medicate the pain within',
Open up, let it in,

It's a place you can hide,
When you're knocked down deep inside,
It's a way, of life,

Hey, wipe away those tears, don't cry,
We can't explain the reasons why,
We act tonight,
So come on and see the scars,

No matter who you are,
You're one of a kind,
Despite your damaged mind,
One of a kind,
You gotta find your guiding star,
One of a kind,
Despite your damaged mind,

One of a kind,
We can be revived,
We can be revived,

Look and see, the self in me,
Nothing to conceive,
You see in time, the time's about, the rule in your mind,

Take a chance on true romance,
Regain your innocence,
You're young and free and desperately you're set to
something real,

Wipe away those tears, don't cry,
We can't explain the reasons why,
We act tonight,
So come on and see the scars,

No matter who you are,
You're one of a kind,
Despite your damaged mind,
One of a kind,
You gotta find your guiding star,
One of a kind,
Despite your damaged mind,
We can be revived,
We can be revived
