"Save Her"

Blood n' tears, flowin' from the darkest fears,
She cries for help n' no one hears,
Take's a pill to make it dissapper,

I can't save her, cause' is nobody home,
I can't change her, she's still far gone,
N' my heartbreaks, beside her anger,
No one can save her now, save her now, no one can
save her now...

She's lying on the bathroom floor,
Doors locked n' no one knows,
Cuz' bleed from a life before,
Time heals but the scars still show,

I can't save her, cause' is nobody home,
I can't change her, she's still far gone,
N' my heartbreaks, beside her anger,
No one can save her now, save her now,

No one can save her now, no one can save her now, no
one can save her, no
One can save her now...

Over coward fears,
Screamin' in my ears,
Voices out so near,

Comin' from inside,
Demon's posess your mind,
Blood n' tears could lie,

She comes undone,
Dead end nowhere to run,
Sweet lives around a loaded gun,
Pull the trigger n' the bullet won...

Shot

Save her, save her,
N' my heartbreaks, beside her anger,

Save her now, save her now, ohhh, uhhh,
No one can save her, no one can save her now...
