

Ph8 "Shallow And Cynical"

Visit "[Shallow And Cynical](#)" on MotoLyrics.com

I've had enough and it's time that I tell you
Your shallow and cynical ways
Will come back to smite you
And most will see right through
And those that you know go away

So open up your mind
Before it grows to late

Do you hear that?
It's nothing and no one
That's all that you'll get with your ways
So far your fortunate
No one has buried you yet
I'm still suprised that you breathe

So open up your mind
You think your shit doesn't stink
When all that you are is just shallow and cynical
So insecure is what you seem
So change

NOW

So open up your mind
(So open up your mind)
Before it grows to late
(Before it grows to late)
Cause it's all that you are is just shallow and cynical
Alone is what you remain
So change

NOW
