Well I was slowly walking up the ladder so high  
Tried to look down  
There was no ground  
I started talking to the people in the sky  
Every word was heard but nothing was said  
It was a one man ride

I was not trying  
Hard to sell my soul yet  
Man in the mirror faded more and more  
Started crying to the people in the sky  
Your own big brother's paying to fly  
It was sixty-nine

[Chorus I]  
Strange blue mercy  
Set the Autumn leaves on fire  
Strange blue mercy

Won't get the sun without the rain  
Inside dreams hide the key to the pain  
Escape from fears gone far from the past  
It's only all in my head

[Chorus II]  
Strange blue mercy  
Set the Autumn leaves on fire  
Strange blue mercy  
I don't wanna feel it

[Chorus III]  
Strange blue mercy  
Set the Autumn leaves on fire  
Strange blue mercy  
I don't wanna feel it  
Strange blue mercy  
Set the Autumn leaves on fire  
Strange blue mercy  
Inside the weird gold mine
