

## Pharaoh "Heart Of The Enemy"

Inside me barely beats  
A heart that's poisoned through  
Filled with this death disease  
No chances left to lose  
What doesn't kill you makes you stronger for a time  
But it will get you down the line

Outside in the street tonight,  
They're fighting with the law  
Outside in the street tonight,  
They're fighting for control  
The enemy, the rebel sect,  
The bastard breed amok  
Where you see a casualty  
I see a stroke of luck

The bleeding of my hands and  
The snapping of your ribs  
Broke hearts are mine  
The profit of your death is my life going on  
Your fight ends just in time

Underneath the street tonight,  
They're ripping at the bone  
Underneath the street tonight  
They're ripping parts unknown  
A beating heart, a life goes on,  
You're almost a friend  
They will take your life and then  
I'll take it once again

The bleeding of my hands and  
The snapping of your ribs  
Broke hearts are mine  
The profit of your death is my life going on  
Your fight ends just in time

Beating in my chest tonight  
The heart of fallen foe  
Beating in my chest tonight,  
A heart I'll never know  
Treachery, the evil eye

Behind my father's back  
Knife in hand, swooping blade  
Broken heart attacks

The bleeding of my hands and  
The snapping of your ribs  
Broke hearts are mine  
The profit of your death is my life going on  
Your fight ends just in time
