Summertime

Hot short days  
Long sweaty nights  
The changing of the equinox

I was delayed on delta  
Thinking about my shelter  
In Pasadena when a man  
I was emphazema  
Let the top down  
Turn the volume up some decibels  
And rolling down the street  
Ass all up on my testicals like lice  
Summertime is always nice  
From dena to the l.b.c.  
And start driving the telly 301  
Time jump behind me  
Flashing lights like a disco  
Was lookin like Danny terrio  
herbs in scenario  
Its summertime.

Its summertime  
And the livins easy  
ridies on the microphone  
With ras m.g.  
All people in dance will agree  
That we're well qualified  
To represent the LBC  
Me, me and lawee  
We go run to the party  
And dance to the rhythm  
It gets harder.

Days hotter than coco  
As smooth as coco butter  
My mind was cluttered  
With thoughts of being home  
My zone, closing my shutters  
Imagine the microphones

And lying under the covers  
With my baby bear  
Banging with dreamy stairs  
Shoulder shoulder then hair  
Put a nigga's underwear  
With the baby T  
Whispering words like  
"Come and... Play with me"  
What a beautiful day to be free  
That is it.

Evil  
I've come to tell you that she's  
Evil  
Most definitely  
Evil  
Ornery, scandalous and  
Evil  
Most definitely.  
The tension  
Is getting hotter  
I'd like to pull her  
Head underwater

You know it's seasonal  
Temperatures reading exactly at  
1. 0 .1  
Ran into sublime when I was  
Rollin high on the  
101  
northbound in tune with the earth sound  
sound wave and the sun beams  
when im on the microphone  
I freak beats and rearrange scenes  
When im on the microphone  
I make heads bob  
We smoke hella herbs  
Cause herb attracts the gods.

(You gotta gotta gotta keep it comin on)

one day I was joggin through the concrete jungle  
and all of a sudden I slipped on some SUBLIME  
and landed in the pharcyde  
its all good, it doesn't matter  
we have sunshine in the air  
good smoke and good people everywhere  
you know  
I know  
We must stay strong  
And keep it, keep it comin on.
