Sunrise, why can't you sympathize?  
You disrespect the darkness  
You creep your way into the morning sky  
You desecrate the stars

Sunrise, how you offend the eyes  
Befoul the breath of morning  
And by your force I'm drawn into the light  
Beneath the blinding eternal flame  
My shadow's dreadful bane  
Spare me, sunrise  
Go back from whence you came

Moonlight, the music of the night  
A symphony of silence  
And for a moment all the world is right  
Forsaken by the

Sunrise, come another day  
The world looks best a deeper shade of grey  
Sunrise, go the other way  
I can live without you, love will light the way  
Sunrise

Don't need you sunrise  
Sunrise go away  
Sunrise, come another day

Sunrise, come another day  
The world looks best a deeper shade of grey  
Sunrise, go the other way  
I can live without you, love will light the way  
Sunrise

And in the darkness  
Stars shine upon us  
And the world turns without you
