(Pharrell)

Love was the egg see...

And it was born in a cloud with silver lining. (Unhun).

But it broke,I mean it hatched on the ground so time
flew right by me...and waaaa.

(Chorus)

I know you thought your life was gon be easy when you
didn't call, you found out you were wrong.See I know
you thought your life was gon be easy you thought you
had it all but you found out you were wrong.....See
Maybe there was something wrong amd you weren't
tellin' me nooo ohh .See See maybe the laughs on me
and life was tellin me a jokee.

Pharrell)

But they say if something yours and you let it go if it
comes back to you...its was yours all along, well I let
you go along with those lies from you,I wonder what
else lies in you or did the lies just eat her gone.

(Chorus)

See...I know you thought your life was gon be easy
when you didn't call you found out you were wrong.See
I know you thought your life was gon be easy you
thought you had it all but you found out you were
wrong.See maybe there was something wrong and you
weren't tellin me noo ooh...See See maybe the laughs
on me and life was tellin me a jokeee (joke).
