Uh,  
And that's the story, no life no more, just loss  
Caught up in between the negative and positive force,  
Carmen Brown, sad tale of a life cut short, who  
Take the responsibility when the guns go off, on one  
Side you have Hill, he gotta live with the guilt.  
Is he the one that she needed, or the one that got her  
killed?  
Or is it Carmen to blame for her own damn fault? Did  
she  
Play with his heart, and never loved him at all? It  
doesn't  
Matter now because she restin' in peace, and all the  
playas in the  
Game will have ta live with the grief. It's only now that  
she's  
Gone you will truly discover the immortal love of  
Carmen Brown  
There will never be another.
