Somebody call the cops, let 'em know the funk bandit's
back
With more bounce to the ounce, it's the brat tat tat tat
The funk-keeper Competition's sweet but known for
makin'
Speakers bleed smokin haloweed, givin' you what 'cha
need

Indeed I'm nice, jewelery full of ice
The industry ain't been the same since I came to
sprinkle my spice
Tonight's the night and we gonna all get lifted,
recognize the gifted
And how there's no fuckin' around in the west-side
district

Get it twisted, if you wanna choose your destiny
Leave all that simple shit at home and bring your
fuckin' best to me
'Cause right here playtime stops, okay, rhymes flop
and all that
Real-deal shit hits tops, see I'm the cream of the crop

Head bitch in charge and there ain't nothin' or nobody
That I've barred thus far, repertoire full of wicked shit
Lay back kick a shit, all the right shit to give a nigga a
hit

If you let's nothin' hold you back and your limit is the
sky
Put your hands in the air, let's all get high
Roll up a fat one and pass it around
Lay back hypnotized to the funky sound

If you let's nothin' hold you back and your limit is the
sky
Put your hands in the air, let's all get high
Roll up a fat one and pass it around
Lay back with the brat, just get on down
(Now, roll up a sac so that we can smoke it together)

Now, how high can you go 'cause you know we can

choke

Take it slow, we smokin' junk 'cause you rollin' wit Moe
We havin' a celebration, we doin' this all night
If you wanna get away, you can play 'em other times

And don't forget my niggas be doin' this shit the
thuggish way

We have you thuggin' where the thug lately? We
Krayzie

And niggas don't drop we got the bud blaze-ay
So if you get out, better get with this crowd

I bet you wanna get weeded, fuck wit your thugs out of
Cleveland

Stay peyoted and tweeded them thugs we blazin' we
fiendin'

Now, can you feel this connect with So So Def Mo Thugs
My squad and yo posse my nigga we goin' be alright

So come around everybody, party down get down
And let that real shit hit yo' chest 'cause I know when I
get that hydro

Your nigga thugsta come and give me some love
But somebody bang and slang yo' dog with couple of
thugs from the cut

You wanna fly, you wanna fly, we go whatever

We could all get high, get high

The shit we keep to get you hypnotized

Ain't nobody dealin' with me

My nigga J can get his smoke on man

'Cause if we go broke, you won't feel bad

Yeah, but there's enough hundreds for that

To never happen in action, certified platinum slashin'
bastards

Draw shit faster than Eastwoods, I wish you could be
like me

I broke the Mo with fatality, visual shit that you can see

These synthetic niggas usually smoke reefers with my
peeps

Get deeper than any bitch, watch me and yo' nigga
creep

Sky's the limits, damn them lights 'cause Krayzie got
the Hydro

Inject a deadly venom grinnin' and watch them all die
slow

We non-fictional characters carry grudges till it's dealt
with

Underestimate the wrong bitch and get yo' shit spend
You better light a splife and mind yo' motherfuckin'
business
Or get that ass put in the witness protection program

Till I'm finished, diminished, your entourage is my level
Blindin' with the VVS rocks possessin' like the devil
Pushin' custom drop-tops, keep Segante' in the glove
box
Puffin' with crooked cops and can't nuthin' hold me
back
'Cause nigga my shit don't stop

You wanna fly, you wanna fly, you wanna fly
I think you wanna fly, you wanna fly, you wanna fly
We can all get high, get high, get high
All get high, get high, get high

You wanna fly, you wanna fly, you wanna fly
I think you wanna fly, you wanna fly, you wanna fly
We can all get high, get high, get high
And all get high, get high, get high

You wanna fly, you wanna fly, you wanna fly
I think you wanna fly, you wanna fly, you wanna fly
We can all get high, get high, get high
All get high, get high, get high

You wanna fly, you wanna fly, you wanna fly
I think you wanna fly, you wanna fly, you wanna fly
We can all get high, get high, get high
And all get high, get high, get high

You wanna fly, you wanna fly, you wanna fly
I think you wanna fly, you wanna fly, you wanna fly
