Come here Let me motivate you
To the point you can't enunciate my name
I'll have you speaking in another language
Not even a foreigner could interpretate
Since you've been patient
we Ain't got to hesitate
I ain't gon keep you waiting
when I show my appreciation
Got some sensation kno to sit it on your plate
i got pop bra, drop draws
I took it all off
So once I bust Lake Michigan I can crawl on
I gotta lot of thug in me
It's cockiness
Now I gotta lot of thug in me
With his cock in this huggin me
Telling me he feelin like he finna fall in love with me
Telling me that I'm the one and everything so right
that he wanna be stuck with me
My occupation is to motivate him and cultivate his
mind frame to my time frame
All thru the night to the early
I'm gonna ride him like I'm in the Kentucky derby
Hope you ready to work me

Go go go
Let me motivate you
To the point you can't enunciate my name
I had you speaking in another language
Not a foreign could interpretate
Since you've been patient
Ain't got to hesitate
I won't keep you waiting
I show you my appreciation
Got some sensation
.. i got pop .. i can crawl on
I got a lot of .. is cockiness
I got a lot .. wait is cockiness
Tell me he had fall in love with me
Tell me that i am the one and everything
He wants to be stuck with me..

You can't stop it
Music still playing in the background
You are almost there
You can do it i believe in you baby
So cloze from here
Baby i am gonna be your motivation
Go go go

Girl i turn that thing into a rain forest
Rain i=on my hair call it brain storm
This is deep i go deeper ..
I like to taste that sugar that sweet low
But hold on wait new position

Cause i let her ride ,

You can't stop it
Music still playing in the background
You are almost there
You can do it i believe in you baby
So cloze from here

Whatever when you call my name
No other can do that the same
I .. at you get it .. game
So go lover gonna me me rain
And when we are done
Feel my life
When we are done
I wanna feel your hands all over me
You can't stop it
Music still playing in the background
You are almost there
You can do it i believe in you baby
So cloze from here
Baby i am gonna be your motivation
Go go go
