Dondria, help me out
This is for life, this is for life
So so def nigger
This is for life, this is for life
This is for life, this is for life
So so def nigger
This is for life

I'm so right yeah I stay on
Lights out bitches, oho my nigger...
With any given day, with any given b
I can guarantee a special delivery
My vocabulary don't consist of the world can
Could have been missed in the game
So I'm about to shit in the game
Make sure you all get it cause I'ma sit in the game
I've been... but even when I was incarcerated
I was dreaming to hear my name, from out the lights in
here
Guess who's back... what you like is here
I ain't trying to fight this year,
I just wanna get better... mic these year
I just wanna be the one you blame it all
Make a difference in the industry just... all
A lot of haters now facing this pain...
But I ain't fucking with you again beneficial to my
problems

Stop lights 4 cop lights, so so def is us
We rock,... don't know what this is
So it's so dark in here, extra hot I know yo all can feel
this
So turnt up in this baby I know you see what I mean
I'm talking me and my team
It's lights out niggers.
