MMmm mMmmm
Yeahhh... yeahhhh

(Verse 1)

I see you looking at me
You see me feeling your style (your style)
I can't explain the way I feel
Those eyes they make me happy
Can't help but watch and just smile (just smile)
I'm there for you
My love so real

(Bridge)

I adore you
Cause I wanna spend
My whole life with you (with you)
You know that I care
Always try to be fair
Be there when you are scared
I would be there with you (be there with you)

(Chorus)

I can't explain this feeling
I can't contain my love
Your beauty so amazing
Looking like you came from up above
Just can't resist temptation
Just want to make sweet love
I feel a good sensation
You're everything I've been thinking of

I need your love girl... your love girl... your love(x2)

(Verse 2)

Now tell me how you're feeling
Just tell me what's the deal
You got me tripping and thinking if your love is real
My visions fading slowly
I'm starting to lose control
But I'll keep fighting and trying to make it work because

(Bridge)

I adore you
Cause I wanna spend
My whole life with you (with you)
You know that I care
Always try to be fair
Be there when you are scared
I would be there with you (be there with you)

(Chorus)

I can't explain this feeling
I can't contain my love
Your beauty so amazing
Looking like you came from up above
Just can't resist temptation
Just want to make sweet love
I feel a good sensation
You're everything I've been thinking of

I need your love girl... your love girl... your love(x2)

(Rap)

Imma take to you the place
Where the dreams come true
Baby me and you, one plus one equal two
On a real, imma show you what it means to be true
Take an interview for you
For you to see that I'm true to you
Cause girl you're so fine
I understand you're crying
No I ain't lying, no I ain't lying
Never look back
See a new world
Gotta love that
Baby lemme show you
Let Phath in the hood back

I need your love girl... your love girl... your love(x2)
