I just can't take it anymore
As she wipes her tears
Slams my car door
Can't you see
What you're doing to me?
To me

I just can't take it anymore
As she, she wipes her tears
Slams my car door
Can't you see
What you're doing to me?
And I can't take it anymore
But she can't see
What she's doing to me
To me

See dreams play that game
You falling hard
You lose your feet
And you're swept away
But I never knew
How much I wanted to
Just see us through
And do these things that lovers do
And I can stay
If I can be the only one to blame

These airbrushed memories
Are all that's floating through my head
I just haven't gotten used to it yet
These airbrushed memories
If our book is closed
Now it's all I have
Since she's been gone
It's been quite some time
I know she ain't comin' home
But I guess they say
That's the price I gotta pay
For all these lessons I've learned along the way
And now it's clear to see
That she's just part of my history

These airbrushed memories
Are all that's floating through my head
I just haven't gotten used to it yet
These airbrushed memories
If our book is closed
Now it's all I have
But time has passed
And I think I understand
Oh I think I understand

Loving came in it's bits and pieces
I took it in
I loved it back
It was all I needed
She was all I needed
She was all I needed
