The shades are open  
the moon it lights my face  
I stare into old pictures  
and i've seen better days  
you know i have  
well i have  
you know i have  
i know i have  
it's so routine  
there's one thing that i know  
there's a world outside my window  
and share the blindfold  
or the colors start to show  
oh no

it seems tomorrow wthis will be  
some kind of make believe  
or yesterday's daydreams  
and all the world might pass me by  
oh no no  
just yesterday's daydreams

drunk on a barstool  
he's trying to make his peace  
we're both breathing the wrong fumes  
and hoping to be free  
but it's not as easy as it seems  
no no no no no no  
and i shine my shoes real nice  
and step to my new tune  
cause beneath this dust and all this rust  
there once lied something new

it seems tomorrow this will be  
some kind of make believe  
or yesterday's daydreams  
and all the world might pass me by  
oh no no  
just yesterday's daydreams  
and all my world is...

rolling as i lie awake

ooh, and i rest my mind  
between a rock and a hard place  
but i dont wanna waste my time  
for all i know i'll only live one life  
ohh no no no

it seems tomorrow this will be  
some kind of make believe  
or yesterday's daydreams  
and i see a change in front of me  
ohh i see a change  
just yesterdays daydreams

and i'll leave the past behind me  
and though it may seem frightening  
it's a new day  
everyday is a new day  
oh oh

do do do do do do do do do do  
oh it's a new day  
it's a new day
