I hope it's true that you and I  
Could live our lives together  
Why should I always do  
The things that you say  
Can it be right to follow you  
My heart says so but I still don't know  
You're gorgeous and wonderful  
You set me on fire

Come away with me  
Passion is the key  
Even though it sometimes hurts me  
When you're kissing me  
I smile contentedly  
Even though it sometimes hurts me

We're walking down an empty street  
The sun shines warm and sweet  
You inspire me a lot  
God, you're so perfect  
Please hold me now and make me glad  
I'm begging you to seize the day.  
You're gorgeous and wonderful  
You set me on fire

Come away with me  
Passion is the key  
Even though it sometimes hurts me  
When you're kissing me  
I smile contentedly  
Even though it sometimes hurts me

The sweetest thing of all  
The best you can get, is when I found you  
Are we living in a dreamworld  
Tell me if it's fantasy  
Are we living in a dreamworld  
Tell me if we do  
You set me on fire

Come away with me  
Passion is the key

Even though it sometimes hurts me  
When you're kissing me.  
I smile contendedly  
Even though it sometimes hurts me

Come away with me  
Passion is the key  
Even though it sometimes hurts me  
When you're kissing me.  
I smile contendedly  
Even though it sometimes hurts me
