Do you want me?  
Do you really want me?  
(Want me, want me, want me, want me, want me)  
Do you really want me?  
(Want me, want me, want me, want me)

You came in everyone turned around  
Just to see your beautiful face  
The stars and the moon shining in your eyes  
Could not believe that you wanted me

A little kiss and I thought I could die  
I was standing so close to you  
My heart beating faster as I started to say  
In other words, baby, you are all I need

I can't understand that you are here  
Do you want me?  
I just can't believe that you are real  
Do you really want me?  
I can't understand that you are mine  
Do you want me?  
I just can't believe that you're so fine  
Do you really want me?

Everytime when I see you around  
Don't understand how you make up your mind  
You choose and pick up every girl that you like  
You wouldn't be the angel for me

But now I see that your heart is so pure  
It must be good, too good to be true  
My heart beats faster as you start to say  
In other words, baby, you are all I need

I can't understand that you are here  
Do you want me?  
I just can't believe that you are real  
Do you really want me?  
I can't understand that you are mine  
Do you want me?  
I just can't believe that you're so fine

Do you really want me?

(Want me, want me)

Do you want me?

Do you want me?

Do you want me?

Take my hand

Look in my eyes

Take your time

And make me wanna fly

I think I love you

Do, do, do, do you want me?

Do you want me?

Do you want me?

Do you want me?

Do you really want me?

I can't understand that you are mine

Do you want me?

I just can't believe that you're so fine

Do you really want me?

Do you want me?

Do you want me?

I just can't believe that you are real

Do you really want me?
