Late at night, when I close my eyes  
I think about my life  
No misery, he would care for me  
That's how it's gonna be

Now I believe that it's true  
Cause I'm standing here with you

I've been waiting for someone like you  
Day and night, all of my life  
I've been waiting for this to come true  
Deep in my heart  
I've been waiting for someone like you

When you are here, everything is clear  
All I wanna have is you  
We make the candle light, burn so bright  
Then I fall into your arms

Now I believe that it's true  
Cause I'm standing here with you

I've been waiting for someone like you  
Day and night, all of my life  
I've been waiting for this to come true  
Deep in my heart  
I've been waiting for you

I've been waiting for someone like you  
Day and night, all of my life  
I've been waiting for this to come true  
Deep in my heart  
I've been waiting for someone like you

Cause I've been waiting for someone like you...

Can you express your feelings like you did  
I feel so insecure, 'cause you're everything to me  
You're like the sunshine, the birds in the sky  
The stars I see at night  
I wanna hold you and take us to the sky

I've been waiting for someone like you  
Day and night, all of my life  
I've been waiting for this to come true  
Deep in my heart  
I've been waiting for someone like you
