One by one, day by day
The first step, we're on our way
Here we are, I'm not afraid
Let's give love a chance
It crossed my mind
It's time to show
It is for real, don't you know
Whatever you do, whatever it takes
Just hold on tight

Don't play with my heart
You need to cool down
My life ain't just a game
Show me what you got
If it's hard to handle
Tell me no lies
Don't run away
Don't try to push me
I want you to stay, in my life
Show me what you got
I do surrender
Tell me no lies

(Tell me no lies x2)

I open my eyes, still can't see
I want you to be next to me
'Cause you make me alive
I know that I found love for life
There's nothing to hide, nothing to fear
To give me hope and make me strong
Whatever you do, whatever it takes
Just hold on tight

Don't play with my heart
You need to cool down
My life ain't just a game
Show me what you got
If it's hard to handle
Tell me no lies
Don't run away
Don't try to push me

I want you to stay, in my life
Show me what you got
I do surrender
Tell me no lies

I don't want to be alone again
I just want to have you near, my friend
C'mon kiss me, embrace my soul

(Tell me no lies x4)

Don't play with my heart
You need to cool down
My life ain't just a game
Show me what you got
If it's hard to handle
Tell me no lies
Don't run away
Don't try to push me
I want you to stay, in my life
Show me what you got
I do surrender
Tell me no lies
